Citizen's Petition Drive
To limit Investment STRs to 800
Begins Tomorrow

How will it work?

- A Citizen's Petition is given to the City with a proposed STR ordinance
- The Citizen's Petition is certified by validating the signatures.
- City Council approves or rejects the proposed STR ordinance.
- If council votes yes, the proposed STR ordinance becomes F.B. Law.

But

- If the city council rejects the proposed STR ordinance a binding Citizen's Referendum is automatically triggered.
- If the Referendum passes, the proposed STR ordinance becomes law.
- If the Referendum fails, the proposed STR ordinance fails.

Is that it? Yes !
