Mission: Reverse Island's Population Decline

Proposed STR Ordinance # 003-23

Bottom Line:

- If adopted as written, Ordinance 003-23 will not alter the spirit or goals of the Referendum.
- Save Folly's Future views 003-23 as only technical changes to the original petition. None of the changes will alter the overall dynamics of the referendum, if adopted as written.
- The STR objectives that 656 people voted for will remain intact.

STR Waitlist Info From March 6th Work Session

- The city is asking that all STR wait list ideas be sent to a "Central Portal".
- This "Central Portal" will be created by the City and brought on-line soon.
- The Mayor and all council members are asking you to send your wait list ideas and suggestions to this "Central Portal" to make sure all comments can be compiled on one master list, which will then be sent to all council members.
- Mr. Pope stated on March 6th that there will be lots of time for public input over the next several months. To paraphrase Mr. Pope, "We have the time to do this right, there will be lots of public comment opportunities."
